SLAUGHTER OF JAPS ON THE YALU RIVER.

Two Small Parties Cleaned Out by the Soldiers of Krasnalinski.

Patrol of Scouts Surprised at Samalind Island—Russians Betrayed by Koreans—Mikado's Forces Retreat from Wiju—Heavy Firing Heard at Sea Between Teng Chow and Port Arthur.

(BY THE ASSOCIATED PRESS—P.M.)

ST. PETERSBURG, April 12.—[By Atlantic Cable.] Gen. Kouropatkin, in a dispatch to the Emperor bearing today's date, says that Gen. Krasnalinski, on the night of April 8, ordered a detachment of sharpshooters to cross to the left bank of the Yalu, opposite Wiju. The sharpshooters landed on the island of Samalind and surprised a patrol of fifty Japanese scouts, just as the latter were approaching the east side of the island in three boats. The Russians allowed the Japanese to land, and then fired on them. Nearly all of the Japanese were shot or drowned, and their boats sunk. The Russians sustained no losses.

The following day, the Japanese lowered their flag at Wiju, and their outposts, which have lately been seen, fell back.

The night of April 9, four Russians crossed the Yalu to Yongchampo and made toward a Russian village, where they found a squadron of Japanese cavalry. They remained there twelve hours, when they were betrayed by Koreans and found themselves obliged to swim the river, their boat having struck on a sand bar. One soldier lost his life. The Japanese pursued the Russians in a boat, but were in turn attacked by a Russian boat which had come to the rescue of the swimmers. The Japanese were all killed and their boat sunk.

HEAVY FIRING AT SEA.

(BY THE ASSOCIATED PRESS—P.M.)

CHEFOO, April 12, 11 a.m.—A correspondent of the Associated Press at Teng Chow, forty miles northwest of here, telegraphs as follows:

"Sounds of very heavy firing were heard at 6:30 o'clock this (Wednesday) morning. The firing evidently was being done between here and Port Arthur. It is believed at Teng Chow that the long-expected sea fight among the Mikado Islands has taken place."

The Japanese battleship Asahi, flying an Admiral's flag, was seen off Chefoo yesterday, going to the west, and there is no doubt but that the remainder of the Japanese fleet was in the vicinity of Port Arthur. The Russian fleet also was seen outside Port Arthur yesterday.

FIRING WAS CONTINUOUS.

(BY THE ASSOCIATED PRESS—P.M.)

CHEFOO, April 12, (Noon).—The captain of the steamer Lockshan, which arrived today from Newchwang, reports that he heard heavy firing between 5 and 7 o'clock this (Wednesday) morning in the direction of Port Arthur. The firing was continuous but no ships were visible. From the direction of the sound, he judged that there was fighting at the entrance to Port Arthur. The Lockshan was the last foreign merchant vessel to leave Newchwang, sailing at the same time as the British gunboat Eupiegle, at 1 o'clock yesterday afternoon.

Port Arthur is about sixty-five miles to the north from Teng Chow. The Mikado Islands are on a line between the two points and about twenty-five miles north of Teng Chow.

Dispatches received from the Far East during the past five days have reported both the Japanese fleet and the Russian Port Arthur fleet to be cruising at sea in the vicinity of Port Arthur. Six Japanese warships were reported off Wei Hai Wei April 9, and on the 10th inst. Japanese warships were seen on the horizon from Port Arthur.

NEXT TEN DAYS CRITICAL.

(BY DIRECT WIRE TO THE TIMES)

YINKOW, April 12.—[Exclusive Dispatch.] Russians regard the next ten days as critical. If the Japanese intend to dispatch an expedition into the valley of the Liao River, it is expected to arrive about April 20. The general idea here, however, is that a Japanese landing will be made further west than Liao Valley, so that the Japs may make use of the railway to Sinmintun. The Russians have forbidden the exportation of grain and other food-stuffs.

April 10, the Russian warships at Port Arthur were reported to be patrolling actively, and on the 11th inst., eight Russian warships were reported to have been seen ten miles outside of Port Arthur.

FIGHTING BETWEEN SAKJU AND WIJU.

(BY THE ASSOCIATED PRESS—A.M.)

SEOUL (Korea) Monday, April 11: 4:30 p.m.—[By Asiatic Cable.] The Japanese authorities here say there have been frequent skirmishes between Sakju and Wiju. The main body of the first Japanese army is in the neighborhood of Wiju.

Flat-chested, sandal-shod Korean infantrymen left Seoul today for the Northern part of Ham Hlung Do Province, on the frontier of the Kirin District of Manchuria, to keep in order the bandits that are constantly embroiled with the Chinese settlers in the Tuman region, which has resulted in diplomatic representations

MAURA IS WOUNDED.

Spanish Premier's Narrow Escape.

Anarchist at Barcelona Uses Dagger on Statesman at Palace Door.

(BY THE ASSOCIATED PRESS—A.M.)

BARCELONA, April 12.—[By Asiatic Cable.] Premier Maura was attacked and wounded by a would-be assassin, armed with a dagger, while leaving the palace of the council general.

Transverse confusion followed, resulting in the widespread report that Maura had been stabbed with a pointed dagger. The police immediately arrested the Premier's assailant, Señor Maura, who was taken to the prefecture. Señor Maura's wound is not serious.

The Premier had just returned from attending a religious service for the repose of the soul of Queen Isabella, and was entering, not leaving, the palace, when a youth, 19 years old, Joaquín Alfaro, struck Maura in the chest with a dagger he had concealed in a handkerchief. Alfaro was immediately seized and imprisoned. The Premier was taken to the hospital.

First Battle Important.

(BY THE ASSOCIATED PRESS—A.M.)

JAPANESE HOPE TO IMPRESS KOREANS AND CHINESE.

(BY THE ASSOCIATED PRESS—A.M.)

TOKIO, April 12.—[By Asiatic Cable.] The Japanese army having driven the Russian from Korea and advanced to the Yalu, the first important battle may be expected there. The enemy is reported to be strongly fortifying and concentrating on the opposite bank.

Great importance is attached to Japan to the result of the first battle, because of the moral effect it will have on the respective armies. It is well understood that Russia will make a supreme effort to regain her prestige by means of a victory on land. Japan, also, in view of the effect on the attitude of the Koreans and Chinese, as well as upon her own troops, considers it of vital importance to win the first fight.

The Russians are greatly handicapped by the difficulty of concentrating their troops off the line of railway. Considering the condition of the roads, the Japanese advance has been rapid.

The Russians having lost an opportunity of opposing the Japanese in Northern Korea, opinion here is divided as to whether the former can make an effective stand on the Yalu, or whether more decisive action will occur at the border passes near Feng Wang.

MAKE USE OF FIRE.

(BY THE ASSOCIATED PRESS—A.M.)

LONDON, April 12.—[Exclusive Dispatch.] A News Agency dispatch from St. Petersburg says that the military administration recently dispatched to the troops on the Yalu River appliances and material which will enable them to construct fire trenches, and to construct a line of communication across the river. The process is a military secret that has been acquired by the government from its inventor, who is a colonel of engineers.

The first test, which cost \$40,000, was carried out years ago, during the maneuvers at Tsaritsyn, in the presence of the imperial family. Shrapnel threw across the river a pontoon bridge. Then a small city patch appeared in the middle of the stream, close to the bridge. This gradually grew larger, and at the end of three minutes it was two hundred yards in length. Flashes then burst out, and soon attained an immense height, constituting a formidable curtain, which completely hid the bridge. The flames rapidly reached the height of a seven-story building, throwing out such intense heat that onlookers near the shore were unable to remain. Even the Emperor and his suite, at the distance of half a kilometer, were incommoded by the heat.

After working for eight minutes, the apparatus was stopped. The flames died out in two minutes, and it was then seen that the bridge had been completely destroyed. The apparatus, which was invaluable to the spectators, was ten kilometers from the river, to which it transmitted the liquid, prepared by a secret process, through tubes buried in the earth. If the Russians succeed in establishing the apparatus and tubes on the banks of the Yalu, a crossing will be absolutely impossible so long as they are working.

COAL INTERESTS TURNED DOWN.

(BY THE ASSOCIATED PRESS—A.M.)

LONDON, April 12.—The combined efforts of the coal owners, exporters, ship owners and miners have failed to induce Austen Chamberlain, Chancellor of the Exchequer, to repeal the coal trade. An important dispatch said the case before him today and pleaded that the duty was disastrous to every industry connected with the coal trade, and enabling their German and other rivals to displace British coal.

Mr. Chamberlain, in reply, said the fact that the exports for the past year were the largest on record disproved the gloomy forebodings of the deputations.

GREAT LEGAL BATTLE.

Harriman Intervention in Northern Securities Case Against Pro-Rata Distribution is Opposed by the Attorney-General.

(BY THE ASSOCIATED PRESS-P.M.)

ST. PAUL, April 12.—A great legal battle by corporations whose names are familiar throughout the United States is being waged in the United States District Court here. Judge Pillsbury, presiding, is hearing a motion presented to the court by Mr. W. M. Harriman, et al., for leave to file an intervening petition for the purpose of showing why the Northern Securities Company officials should not carry out a plan of distribution of the assets of the recently declared illegal Northern Securities Company in a manner alleged to be inimical to the interests of Harriman and Pierce. The attorneys representing the plaintiffs were W. D. Guthrie, Jr., R. L. Lovett, general counsel of the Southern Pacific Railway, Judge J. M. Baldwin of Omaha and Maxwell Evans of Ohio.

The defendants were represented by Ellis Root, former Secretary of War; John G. Johnson of Philadelphia, Francis Lynde Steierson, counsel for J. P. Morgan & Co., George Evans, Francis B. Kelllogg and C. A. Severance, also C. W. Dunn, general counsel for the Northern Pacific, and M. D. Grover, general counsel for the Great Northern. Besides this array of talent, the United States government was represented by District Attorney C. C. Hooper, who presented an objection to the intervention, under the direction of United States Attorney-General Knox.

This intervention was something of a surprise to the petitioners, who were not aware of it until after Mr. Evans had opened the case for the plaintiffs, when Judge Sanborn asked him if he was aware that the United States government objected to the intervening petition. The court then directed Mr. Hooper to read the objection of Mr. Knox, which said in part: "The United States neither admits nor denies the allegations of the petition, but objects to the proposed intervention. The United States government is represented by District Attorney C. C. Hooper, who presented an objection to the intervention, under the direction of United States Attorney-General Knox."

Mr. Evans, in his statement, contended that the Securities Company is its final distribution of the assets in

ended to take a case which would constitute the common control of the Northern Pacific and Great Northern railways to the detriment of the plaintiff and continued violation of the Sherman anti-trust law.

Mr. Root contended that there was no violation in the general rules of practice in the district of the courts, nor in the statutes for this intervention. He said the decree of this court was limited to the simple command: "Thou shalt not," and nothing was suggested, but absolute obedience.

The arguments of both Mr. Root and Mr. Root occupied less than an hour's time, but every word was followed with the closest attention by the throng of attorneys and spectators who crowded the courtroom, the gallery and the corridors. Mr. Root's argument was finished just before noon, and when the court resumed, at 3 o'clock, Judge Lovett began his argument on behalf of the petitioners.

Lovett contended that the decree of the court had determined that no title to the stock ever passed to the Northern Securities Company because that company was not legally capable of holding such title. The decree further had the effect of giving the court practical custody of the stock of the Northern Securities Company. The petitioners, he said, were not asking the courts to wind up the affairs or dissolve the securities company. They were asking it to dispose of the stock in what they contended was the only way consistent with the decree of the court. The plan of distribution proposed by the plaintiffs, when Judge Sanborn asked him if he was aware that the United States government objected to the intervening petition. The court then directed Mr. Hooper to read the objection of Mr. Knox, which said in part: "The United States neither admits nor denies the allegations of the petition, but objects to the proposed intervention. The United States government is represented by District Attorney C. C. Hooper, who presented an objection to the intervention, under the direction of United States Attorney-General Knox."

INDIANS WILL GUARD THE CARS.

FIFTY PICKED HALF-BREDS TO SERVE AT SAN FRANCISCO.

Due to threatened strike of Street Railway Employees, United Company Takes Unique Precaution Against Violence in Securing Services of Capt. Jack Ellis's Band.

(BY DIRECT WIRE TO THE TIMES.)
MURKOOKE (I. T.) April 12.—[Exclusive Dispatch.] Capt. Jack Ellis, the famous ex-chief of Indian police, will start tomorrow with a band of fifty picked men, mostly half-breeds, but including a number of full-blooded Indians, for San Francisco, where the Indians will guard the property and non-union employees of the United Street Railway Company against strike violence.

The selection of Capt. Ellis and his band came about through the fact that when O. E. Starr, treasurer of the street railway company, was manager of the Chicago railway he had in the early days, he had frequent need to call on Capt. Ellis, then chief of Indian police, to protect the road against desperadoes and marauders. So effective was this protection that in the present strike emergency it occurred to Starr to call on the captain again.

WARRANTS NOT SERVED.
SHERIFF SHY OF SOLDIERS.
CHICAGO (Colo.) April 12.—[Exclusive Dispatch.] Sheriff Corbett will make no attempt at present to serve the warrants at Telluride on Adj. Gen. Sherman M. Bell and Capt. Bulkeley Wells, adjudged yesterday to be guilty of contempt of court for disobeying the habeas corpus order of Judge Stevens in refusing to bring President Charles H. Moyer of the Western Federation of Miners into town. Judge Stevens has given to Garrison, where he will hold court for two weeks, and the sheriff will await his return before he takes any steps in the matter.

MINERS' NEXT MOVE.
DENVER, April 12.—Secretary Raymond of the Western Federation of Miners, speaking of the habeas corpus case of President Moyer, says in all probability the next move on the part of the miners will be to strike.

HEARST HAS "OPEN SHOP."
Janitors, scrubwomen and window washers Against Chicago School.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] A strike of the janitors, scrubwomen and window washers of Hearst's Chicago-American building was called today. The cause was that the management had failed to live up to a "closed-shop" agreement. The strike was settled tonight, but the strikers did not return to work.

of the federation, will be an original application for a writ of habeas corpus before the Supreme Court of Colorado.

NOT PROGRESSING SMOOTHLY.
CONFERENCE WITH CAR MEN.
SAN FRANCISCO, April 12.—The Evening Post says: "While both the United Railroads and the Car Men's Union profess a strong desire for a peaceful settlement of the points at issue, there are ominous indications that the proceedings are not progressing as smoothly as it was hoped they would. A deadlock is now probable, and a strike may follow on May 1."

There was a suspension of the conference today. It will be resumed again until 2 p.m. tomorrow. The reason was taken at the suggestion of President Holland, of the United Railroads, who announced that he needed all of his time today and tomorrow morning to attend to other important duties.

"OPEN SHOP" A SUCCESS.
SACRAMENTO SITUATION.
ST. FRANCISCO, April 12.—H. H. Harris, president of the Builders Association, stated today that everything was running smoothly in the building line, under the "open shop" while E. S. De Puy of the Press Committee of the Building Trades Council, declared the situation was completely satisfactory to the union men.

Harris stated that nearly all the builders in the city are working right along and have no difficulty in getting men, and De Puy stated that all the mechanics who were brought in from the outside are won over by the union.

STRIKE TWO YEARS OLD.
CORNS GLASS WORKERS BIG SUM.
NEW YORK, April 12.—A remarkable strike has just passed its second anniversary at Monticello, N. Y. Two years ago the union employees of a glass company there were called out, and they are still on strike, with the Glass Bottle Blowers' Association maintaining busy headquarters opposite the works.

A copy of the association have been heavy. There were 600 strikers, all placed on the association pay roll. The management maintains that a full staff is operating the factory, and that the strike does not worry them in the least.

SWIFT STRIKE WAS SHORT.
CHICAGO, April 12.—A strike of ten minutes duration occurred at the plant of Swift & Co. today, when 500 cattle butchers walked out. Almost at the moment, however, word came from a meeting then in session between the union officials and the employers that a settlement had been reached and the men returned to work. There was no strike at the Swift plants in other cities.

PASSES OUT OF EXISTENCE SOON.
SANTA FE (N. M.) April 12.—The court of private land claims will meet at Tucson today for the last time in Arizona after an existence of ten years. But one matter is to be adjudicated, the survey of the Bonilla land grant. The court will convene at Santa Fe Monday, when there will be more surveys, all in Dona Ana county, to be passed upon, which will conclude the business of the court, which passes out of existence June 30, this year.

GOV. HUNT'S ERRAND.
SAN JUAN (P. R.) April 12.—Gov. Hunt called today for New York to confer with the President relative to Porto Rican affairs. It is understood that the appointment of Mr. Hunt as a Federal judge in Montana will be announced shortly after his arrival in the United States.

THE VERY LATEST. WAR NEWS AFTER MIDNIGHT.

LONDON, April 12.—The Times Newswang correspondent, cabling under date of April 11, says: "Last night a pilot's plane was mistaken for the lights of a Japanese fleet, and the Russian fleet and sank the junk with thirty-five hands, besides killing three persons and wounding seven in another junk. The native population is panic-stricken, and are leaving the town."

SUPERIOR STRATEGY.
ST. PETERSBURG, April 12.—Gen. Kourpat's report to the Emperor of the annihilation of Japan detachments on the Yalu River is a matter of general satisfaction in official circles. Again, in the view of the officials, a Russian soldier has proved his superiority in strategy and in the manner of attack which left no chance for a single enemy to escape. One feature of the message which is not pleasing to the authorities is the action of the Koreans in revealing to the Japanese the presence of the Russian troops at Yonampo, and the belief prevails that the Koreans are not so unfriendly to the Japanese as has been announced. Incidents such as that at Yonampo indicate that the view held of the Korean attitude is a mistaken one.

VLADIVOSTOK'S EASTER.
VLADIVOSTOK, April 12.—Vladivostok and the surrounding country have been swept by a heavy storm which crippled the telegraph lines and destroyed buildings. The telegraph lines have been repaired. Easter was fully celebrated here, instead of eggs, the citizens exchanged pieces of soap during the bombardment. The commandant has ordered military music every evening. There are daily performances at the theater.

EXPECTED MOMENTARILY.
ST. PETERSBURG, April 12.—According to telegraphic advice received by the Novorossiysk from its correspondent at Liao Yang, a bombardment of Port Arthur and a fight on the Yalu are expected momentarily.

MORE CAVALRY NEEDED.
ST. PETERSBURG, April 12.—[Exclusive Dispatch.] More cavalry is needed by the Commander-in-Chief and, accordingly the Seventeenth and Eighteenth Divisions from Nijni Novgorod have been dispatched. Many batteries of mountain artillery also are being hurried forward. The telegraphic service at Port Arthur, destroyed by storm, has been repaired. Vice-Admiral Makarov

passed last night on board ship, expecting an attack from the enemy. Vice-Admiral is very busy improving the railway service from Mukden to Port Arthur, and has taken summary action with all his officials.

UNCLE SAM'S ACTIVITY.
WASHINGTON, April 12.—[Exclusive Dispatch.] At the Bureau of Navigation, hope is expressed that no foreign government will consider that the movement of various fleets planned for the coming summer has any direct bearing on the Russo-Japanese War. The officials of the department have learned that the cruise of the Pacific Squadron to Honolulu and the voyage of the South Atlantic Squadron to Madagascar, via Suez, instead of through the Red Sea, have been coupled with the Far Eastern situation by various diplomats.

An ambassador vitally interested in the attitude of the United States toward the belligerents was asked what he thought of this naval activity. He said: "It is, of course, observed, but it causes no apprehension. It is only what a great naval power must do. Naturally, the United States would not dispose of its ships so that they would be poorly located, if necessary. The Navy Department's policy is only such as might be expected from any prudent power anxious to maintain neutrality."

HOSOGA REPORTS.
TOKIO, April 12, 10 a.m.—[Detail of the first skirmish on the Yalu River, which occurred last Sunday, arrived today in the official report of Admiral Hosoga. The text of the report follows:

"In accordance with my instructions, the captain of the cruiser Kasuga directed Lieut. Yamaguchi with five men to scout in the mouth of the Yalu. They accomplished their work and safely returned to the Kasuga Monday. They entered the river in a Korean junk, and at 3 o'clock Sunday discovered a party of Russians leaving the right bank of the river. Yamaguchi attacked them, a patrol of mounted Japanese troops on the left bank of the river joining in the attack. In the meantime, another large Russian junk joined the first one and opened fire on the Japanese.

"The Russians retired, and reached the bank. They then set land. The exchange of fire lasted one hour and twenty minutes. The enemy had one killed and two wounded. We had one killed and four wounded. Empty cartridges were found in the Russian junk. We believe the Russians were a cavalry patrol watching the river."

BRITISH IN ACCORD WITH THE RUSSIANS.

(BY THE ASSOCIATED PRESS-P.M.)

NEWCHANG, April 12.—[By Asiatic Cable.] Prior to the departure of the British gunboat Esplende, which has been stationed here during the past winter, at 1 o'clock today, M. Greville, the civil administrator, visited the warship officially. After this visit, the civil administrator, in company with the Russian local authorities, waited on the Esplende, along the waterfront, while the gunboat steamed past on her way down the river.

This official ceremony was in recognition of the cordial and pleasant relations which have existed between the officers of the Esplende and the Russian authorities during the stay of the British gunboat at Newchang. The departure of the Esplende after the time originally set for her departure is understood to indicate the unqualified acceptance by Great Britain

of the establishment of the Russians of martial law at Newchang; her departure is also taken as a sign of her interest here during the war, and the final restoration of treaty rights. The departure of the Esplende removes a cause of embarrassment to the Russian authorities, and enables them to put into execution a system of martial law consistent with the demands of the situation. She was the last foreign warship at Newchang, the United States gunboat Helena having left here some ten days ago.

The last of the merchant steamers left Newchang today, and the shipping companies have notified their agents to send no more ships here; consequently it is expected that Newchang will be a complete standstill. The streets of Newchang are no longer lighted at night, and the movement of boats on the river at night is prohibited.

WAR BULLETINS FROM MANY POINTS.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, April 12.—The assignment to temporary duty of the three United States consuls to Manchurian posts having been left to Minister Clegg, he has slightly changed the original program, so that now Mr. Clegg will go to the post at Peking as an attaché; Mr. Davidson is detailed for duty at the Shanghai consulate, while Mr. Morgan, now en route to China, will be assigned to duty as an assistant consul either at Newchwang or Chetoo.

PHOTOGRAPHERS DISGUSTED.
VICTORIA (B.C.) April 12.—A. D. Austin, special photographer for a leading New York weekly, arrived on the Northern Pacific liner Victoria from Japan utterly disgusted with conditions there. He says that everything worth photographing is censored and guarded by military or naval sentries. He succeeded in securing a few good pictures of military movements, but says it is useless wasting time in Japan at present. The censorship is exceedingly strict, and very few correspondents have been allowed to go to the front.

CHIU TIEN CHENG FORTIFIED.
SEOUL (Korea), April 12.—[By Asiatic Cable.] Japanese advice from Northern Korea states that the Russians have strongly fortified Chiu Tien Cheng, a walled town on the Manchurian side of the Yalu River, about ten miles north of Anju. It is estimated that there are twenty thousand Russians of all arms at Chiu Tien Cheng, ready to oppose the Japanese crossing.

Webb Hayes has returned here from a journey to Anju, thence to the American mines at Unsan and thence north to the Yalu River. He reports that he received hospital treatment from the Japanese, and he

compliments the equipment of the Japanese field forces, the effectiveness of their position bridges at Anju and the transportation organization. Japanese Minister Hayashi is urging the Korean Foreign Office not to permit northern prefects to leave their posts, declaring that their absence would increase the existing feeling of unrest.

CIRCASSIANS VOLUNTEER.
EMPEROR REVIEWS GUARDS.
ST. PETERSBURG, April 12.—[By Asiatic Cable.] Circassians are volunteering in large numbers for service in the Far East. About twelve thousand have been enrolled in the Kouban district, each man paying for his own horse and equipment. The government has agreed, in response to the representations of the United States authorities, to show as much consideration as possible to the two Japanese taken by the Russians from the American newspaper correspondent's steamer at Newchwang and who are held under suspicion of being spies.

In accordance with his annual custom, the Emperor this afternoon reviewed the Emperor Horse Guards, the crack cavalry regiment of the empire, in their riding school on the Horse Guard boulevard, the occasion being the celebration of the feast of the regiment's patron saint.

Those present remarked that the Emperor did not look as well as usual. His voice, when he congratulated the regiment, lacked its accustomed ring.

The review concluded with the picturesque ceremony of saluting the colors took place outside in full view of thousands of spectators. The troops then proceeded to the refectory, where the Emperor tasted their soup, drank their health and distributed a gratuity of \$150 to the

non-commissioned officers and 50 cents to the troops. Later, the colonel and other officers of the regiment banqueted in the Winter Palace. Despatches of each of the guard regiments yesterday at the Winter Palace conveyed Easter greetings to the Emperor and Empress. The Emperor kissed each of the guardsmen thrice, the Empress giving her hand to be kissed and presenting, each guardsman with a decorated China egg. The servants of the palace were similarly honored.

TORRENTIAL RAINS.
PORT ARTHUR'S EASTER PERIOD.
PORT ARTHUR, Monday, April 11.—[Delayed in transmission.] Telegraphic communications have been interrupted recently owing to the torrential rains. The railroad embankments in South Manchuria have been damaged, thus delaying the movements of troops. The embankment of the railroad running to Sheng Hai Kwan is submerged at several points.

A squadron of battleships and torpedo boats has just returned here from a cruise far out to sea. Easter passed without the anticipated Japanese attack. Every precaution was taken to prevent a surprise. Vice-Admiral Makarov, who personally supervised nightly the precautionary measures, spent Easter evening in a guardboat. During the night Easter night service, the church windows were covered so as to prevent the lights being seen by the enemy, and the absence of all illumination in the town was a constant reminder to the inhabitants of the possibility of an attack. The troops celebrated Easter Sunday at their posts. Grand Duke Boris, who left here April 8, has returned to Port Arthur.

BEST SUGAR ASSOCIATION.
WASHINGTON, April 12.—The American Best Sugar Association held a meeting here today and selected the old officers and directors. Dr. Galloway of the Bureau of Plant Industry spoke of the visit of an agent of the department to Europe who investigated the workings of the beet-sugar seed farms in Germany, France and Austria. The result of the agent's observations, Dr. Galloway said, was a book on beet to develop the home-grown sugar beet in the States of Washington, Utah and Colorado. The agent expressed the opinion that he could produce a seed from which could be grown a beet containing 20 per cent of sugar. This is 4 per cent greater than the average of Europe, or a percentage of eight pounds more sugar to every ton of beets than heretofore has been obtained.

THE POPE SPENT BAD NIGHT.
ROME, April 12.—[Exclusive Dispatch.] The Pope spent a bad night and was so much agitated today, Dr. Lappone prescribed a soothing potion. The Pope's illness is thought to be due to yesterday's long ceremony in St. Peter's, when he had to fast, until 1 p.m., because of his celebrating mass. Some prelates of the inner Vatican circles, however, say Plus X has been much affected by reported anti-clerical plots against his life.

RADIUM BUT TEMPORARY.
It Will All Be Gone 1150 Years Hence, Says British Authority.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, April 12.—[Exclusive Dispatch.] An interview with Lord Sir William Ramsay, in which he is represented as declaring that radium, instead of being a primordial substance which has been slowly disintegrating since the world began, is merely a temporary phase of matter, an unstable resting-point in a series of transmutations of which nobody knows the beginning or end, or meaning.

Experiments made by himself and Prof. Soddy tend to show that radium would all disintegrate and vanish 1150 years hence. The rate of disintegration does not depend upon the quantity existent. It would all vanish, whether it measured a cubic inch or a cubic mile, forming in the process other substances, the only one at present known being helium. It is obvious that more radium must be in the course of production. If it had been an original deposit, it would have disappeared long ago. It was mere speculation to discuss how it was produced. Nobody knew, but possibly it came from uranium.

The passengers were saved, but the cargo was lost.

RESUME HYDE-DIMOND CASES.

THREE WITNESSES TESTIFY.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, April 12.—The examination into the Hyde-Diamond land fraud cases was resumed today before United States Commissioner Heacock. Benjamin F. Allen, former forest superintendent, testified regarding his acquaintance with the accused men and the reports he had made on various occasions. He had received money from Hyde and had obtained land through the land office, which he had sold to Hyde.

SEVERE ON BENSON.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, April 12.—William E. Valk, formerly chief examiner in the land division of the General Land Office, testified that he was corruptly paid a large sum to expedite the Hyde-Benson selections of land. This sum was paid him solely for advancing the cases out of their order, and not for approving cases that were defective on their face. Valk's testimony involved both Hyde and Diamond, but bore most heavily on Benson, who was charged with making the payments in the interest of the two alleged partners in the land-land business.

RENTAL CHARGES.

DEAL IN OIL LANDS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, April 12.—Henry J. Blood, president of the Sterling Oil Company, is the defendant in a suit filed today by John C. Hampton, vice-president of the Pacific Lumber Company. W. L. B. Mills, secretary of that company, W. S. Gage, Ida H. Mauvian and Grace H. Tyson, in which charges of a sensational nature are made. It is a suit to recover \$400,000 that the plaintiffs allege Blood swindled them out of in a deal in oil lands in Kern county.

UP TO THEIR EXPECTATIONS.

FIGURES FOR FRUIT CANNERS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, April 12.—The most sanguine expectations of the stockholders of the California Fruit Canners' Association were more than realized today at their annual meeting by the report of President William Fries and the financial statement submitted for the year ended February 23. The report stated that \$28,125 had been paid in dividends, and that an increase had been made in the surplus and reserve funds of \$25,124.

Kilburn, which is a speedy craft, put into commission by the Watsonville Transportation Company for a daily steamer service between San Francisco and the port of Watsonville, an inland town, which has been made a seaport during the past month by the construction of a pier into the ocean, with railroad connection. It is expected to carry passengers as well as produce, by the new steamer service.

Military Prisoners Escape.

PRESCOTT (Ariz.), April 12.—Two military prisoners escaped today by the aid of a civilian confederate. The prisoners were at work under an armed guard, when the civilian confederate, who was armed with a revolver, approached the guard from behind, pinning his arms, when the three took him to a tree, making their escape. Considerable time elapsed before the guard was released, giving the escapees a good start.

Skeleton Three Centuries Old.

TACOMA, April 12.—A skeleton of a human being supposed to be between two hundred and three hundred years old has been found in the early days in the grounds of A. M. Hunt, Jr. The skeleton was found in a hole in the ground, and was believed to be buried two or three centuries ago and the tree was planted on the grave.

Invited to Drink, He Drops Dead.

PRESCOTT (Ariz.), April 12.—James Murray, 45 years of age, who has been an employee of the Santa Fe Railroad Company twenty years and a resident of this territory twenty-five years, fell drinking considerable whisky, and died in a chair, when a friend asked him to take a drink. As he arose to do so, he fell dead on the floor. He was a resident of Tombstone in the early days coming here in '78. Heart disease caused his death.

Boatman Barbara's Mission.

BELLINGHAM (Wash.), April 12.—The mission of the schooner Barbara,

NEW YORK, April 12.—Justice

Blanchard, in the Supreme Court today, issued an attachment in an action brought by Arthur L. Meyer against the property of Dr. W. Seward Webb in this State. The attachment was served. The suit is brought to recover \$400,000 with interest from December 15, 1901.

In an affidavit on which the attachment was granted, it was stated that on August 1, 1901, Dr. Webb was the owner of income bonds which had been issued by the Mohawk and Malone Railroad Company, and which were valued at \$250,000, and induced him (Meyer) to purchase them by falsely representing that the New York Central and Hudson River Railroad Company was a subsidiary of the Mohawk and Malone Railroad Company, and that the bonds were owned by the New York Central and Hudson River Railroad Company.

which sailed from Seattle some time ago, is declared by persons here who profess to know to have been for the purpose of securing \$100,000 worth of sealskins and ivory belonging to the Northwestern Siberian Company of St. Petersburg, and which are cached in some place in Siberia likely to be occupied by the Japanese soon.

Go to Honolulu School.

He will leave for Honolulu today, and take up his new work May 1. Before coming to Stanford, he was supervising principal of the Petaluma school.

TO MAKE HENS LAY.

Agricultural Department Scientists Show How Eggs May be Plentiful in Winter.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 12.—[Exclusive Dispatch.] Experts of the Department of Agriculture have found a means of making hens lay eggs in winter. Government agriculturists made a number of tests during the past winter with two-year-old Rhode Island Reds and White Leghorns. The method of promoting early molting consisted in withholding food either wholly or in part for a few days. This stops egg production and reduces the weight of fowls. They are then fed heavily on mash, beef scraps, corn, wheat and oats, a ration rich in protein or nitrogenous matter, which is believed to be especially well suited for the purpose. The Rhode Island Reds had a practically complete coat of new feathers, had begun to lay, and within a week from that time, one-half the hens were laying regularly, while another lot of

had, through its officials, offered to purchase them for a price exceeding \$250,000, but that Dr. Webb did not desire to sell to the New York Central and Hudson River Railroad Company, because certain of its directors were relatives to him by marriage and might be criticized if they purchased directly from him, while if they purchased the bonds from a stranger, neither he nor they would be subject to criticism.

These representations," says the affidavit, "were made to me with the knowledge of their falsity on the part of the defendant, and with intent to cheat and defraud me for the purpose of obtaining the bonds, and to pay him the sum of \$250,000, which was largely in excess of the actual value of the bonds, to the extent of \$400,000."

Rhode Island Reds, which had been fed continuously, were just beginning to moult and egg production had declined materially. White Leghorns were a trifle slower than the Rhode Island Reds, but otherwise the treatment affected them in a similar way.

LIGHT UPON DARKNESS.

Negro Convicted of Theft by X-Ray Showing Diamonds in His Stomach.

(BY DIRECT WIRE TO THE TIMES.)

DAYTON (O.), April 12.—[Exclusive Dispatch.]

William Wright Bury, a negro, was backed up to an X-ray machine today and a stolen diamond Masonic charm was located in his stomach. Now officers are keeping him in close custody and wondering how they will get the property, as it seems to be stuck. Tales of an operation so badly scared the thief that he almost gave up the jewel.

Last night, he entered the Nabstet jewelry house and swallowed the charm. A clerk, looking into a mirror, saw the act and with a revolver forced the negro to the rear of the store until the arrival of the police. The charm is worth \$60, while the police say the negro is absolutely worthless, and they favor a surgical operation to recover the jewel.

OBITUARY.

Charles Albert Beecher.

MARYSVILLE (O.), April 12.—Charles Albert Beecher of Cincinnati died here suddenly today from heart disease. He was a close friend and confidential adviser of Abraham Lincoln and was a delegate from Illinois to the national convention that nominated Lincoln in 1860. It was he who in 1861 assisted in obtaining for Oliver B. Grant a commission as captain in the Illinois volunteer service.

Adolph Bullrich.

NEW YORK, April 12.—Adolph Bullrich, a well-known banker and leader of the Argentine colony here, is dead, says a Herald dispatch from Paris. He served four years as Mayor of Buenos Ayres. His services in improving the relations between Argentina, Spain and Italy, he received high decorations from the monarchs of the two latter countries.

Iron D. Heath.

KANSAS CITY (Mo.), April 12.—Iron D. Heath, who gained reputation some years ago through his explorations of South and Central America, died today at his home in Kansas City, aged 67 years. He was a brother of Dr. Edwin R. Heath, also a well-known traveler and explorer.

Samuel A. Pollard.

SAN FRANCISCO, April 12.—Samuel A. Pollard, a forty-year-old, veteran of the Mexican War, and at one time member of the famous vigilance committee which helped to preserve law and order in the early days of San Francisco's history, is dead. He was 79 years of age.

L. Hart.

SAN JOSE, April 12.—L. Hart, merchant, who has resided here for twenty-five years, died suddenly last night of heart failure. He was 79 years of age.

J. K. P. Dixon.

SAN JOSE, April 12.—J. K. P. Dixon, one of the best-known residents of Cupertino, died this morning.

INDICT GOODMAN FOR ASSAULT.

NEW YORK, April 12.—James W. Goodman was indicted by the grand jury today for assault in the first degree on W. C. Greene last Saturday. Goodman is charged with threatening to shoot Greene, who is president of the Green Consolidated Copper Company, unless the latter immediately pays him a large sum of money which Goodman claimed was due him on an unfinished deal. Greene denied that he owed Goodman anything, and in a public statement, issued Saturday, says he had only a slight acquaintance with him.

REICHSTAG RESUMES SITTING.

BERLIN, April 12.—The Reichstag resumed its sittings today, after the Easter holidays, with business badly behind, owing to the protracted general political debate during the budget discussion, which is still unfinished. A considerable part of the budget remains undisposed of, including the important colonial section, which is sure to cause a protracted discussion, since connected therewith are additional credits for suppressing the Herero rebellion and votes for the colonial railways.

in the series is already provided for
the Berlin Canal and Waterway
Bill, just presented to the Prussian
Diet, propose the expenditure of \$100,000
on the proposed new communication
between the Rhine and Hanover, and
a canal from Berlin to Stettin, available
for large vessels.

SANTA MONICA.
NEW BEACH ATTRACTIONS.
SANTA MONICA, April 12.—It is a
dull day when no new attraction is
seeking location on the beach. The
miniature steam railway on the pleas-
ure pier is assured, as is also the Ja-
panese tea garden on the pier of the
Casino. Now comes a roller coaster to
be put in north and west of the Casino.
Glass-bottomed pleasure boats for the
day and a Ferris wheel and a skating
rink are also knocking for admission.

SEABREEZES.
Willard H. Wright, son of the land-
lord of the Avenida, is a composer of
some popular musical airs, among
them being the "Genevieve waltzes" and
the "Zuluand two-step."

THE GERMAN IMPERIAL YACHT.
The German imperial yacht Hohenzol-
lern, with Emperor William on
board, sailed from Malta, at 11:30
o'clock last night, escorted by a
fleet of torpedo-boat destroyers, for
Syracuse, where the Emperor will re-
main for three days.

THE JOWA MINERS AND OPERATORS.
All differences between the Jowa
miners and operators are in the hands
of a sub-committee appointed by the
joint conference yesterday. Adjourn-
ment was taken until today, when this
committee will report the result of its
operations in Minidoc.

OCEAN PARK.
JUNIOR HUMANE SOCIETY.
OCEAN PARK, April 12.—Mrs.
James H. Biaggi, wife of the City
Treasurer, and one of Ocean Park's
popular social leaders, is interesting
herself in a humane movement that
has for its object the education of the
young as regards the proper treatment
of dumb animals. A few days ago
there was held at her home on Ocean
Front a meeting of the boys and girls
who are interested in the organization
of a junior section of the Society for
the Prevention of Cruelty to Animals.
A dozen lads and ladies were present,
and the meeting was a most successful
one.

SOME OF MFLACHLAN'S WORK.
The Monrovia Movement, directed
by Charles H. Anson's appointment as
postmaster of Monrovia, remarks:
"Mr. Anson is capable and popular,
and his personal objection to him is
not the mere fact of his
appointment which has exasperated
people, but the manner in which he
over to him like a bundle of dry goods
in spite of his opposition."
Mr. Anson, besides having been a
resident but little more than two years
and not at all prominent politically, is
a single man and a wealthy one. L. S.
McKibbin, R. A. Anson, and J. W.
Harvey, the men who received the
strongest support of the citizens, are
all old residents and faithful to the
best interests of the Republic party.
The office would have been more
great financial help to any one of them.
The appointment, obtained by fair
honorable methods, of any one of them
would have been satisfactory. At it is
people feel that their preferences have
been ignored and that through polit-
ical intrigue with Congressmen Mc-
Kibbin, Anson and Harvey have been
allowed to dominate the situation and
placed in a position where his personal
reasons and preferences outweighed the
sentiments of the entire community."

Salvage Sale Baltimore Fire Stock

Broadway Department Store
BROADWAY COR. BROADWAY LOS ANGELES. ANTHONY LETT & PROPR.

Seasonable Merchandise of All Kinds
Many of the Best Things Were Reserved for Today

With all modesty we can claim this Salvage Sale of Baltimore Fire Goods to be the best patronized event ever swung by this or any other store in Los Angeles. Monday's crowd was so great that it was impossible to give customers the amount of attention they are accustomed to receive at the "Broadway." Today the crowds have been almost as great, but the help is better organized; those who were green and unacquainted Monday morning are now accustomed to our system and can make better time. Some of the best lines of these salvage goods were reserved for mid-week's selling. These go on sale today, and although the greater portion of these Baltimore goods are damaged the prices are so low that you can afford to buy three yards of material even if you can only use one yard. For your own good we would advise you to time your shopping as early in the day as possible.

More About
Steinway
Pianos

Mr. Humberg, editor of the "Musical Courier" (New York)
has written an article to the advertising of high grade pianos,
in which he stated that Steinway & Sons have made a new upright
Veritgrand to sell (in selected cases) for \$500.

the same article Mr. Humberg says that the Chickering
Pianos in Boston are advertising absolutely new (regular stock)
Veritgrand for \$500.

Following up the Chickering ad. in the Boston "Herald" we find
that the \$500 offer is on medium sized uprights—which are practi-
cally the same size as large Steinways that sell in New York—in
economy and value cases—for \$700.

The 4th of this argument plainly shows the relative value of
these particular makes of pianos in the East.

GENTLEMAN BURGLAR WORKING SOCIETY.

**Robs Rooms of Friends Whom He
Has Visited—Two Houses Looted on
Figueroa Street—Diamonds and
Money Carried Off.**

A DEBONAIR, charmingly audacious "gentleman burglar" has started on a career of daring crime in Los Angeles.

The detectives found a clew yesterday which shows that he is some young fellow who is received in society—in fact is like unto the hero of the "Social Highwayman."

He is evidently some popular young fellow about town. He is made welcome in bachelor apartments in fashionable boarding-houses on Figueroa street in the evening; comes back in the dead of night and steals what he has seen displayed by his hosts.

He is a reckless dare-devil. His crimes are as bold and as careless as Dick Turpin's. His impudent coolness is fascinating.

Saturday night, his last burglaries were committed. He slipped through a couple of rooms in the same block on South Figueroa street.

In order not to become bored with his work, he took nothing but money in one place, rejecting jewelry; in the other he reversed the process.

The police have ascertained this secret as though it were a forbidden story of their past lives. Yesterday, however, a clew was found indicating clearly that the thief is some one who has social "doings" with young business men of standing.

The social burglar gave himself "dead away" by showing too much easy familiarity with the rooms of a young tourist named John Shankland, who has evidently been his host on some occasion.

Shankland boards at No. 547 South Figueroa street. When his room was entered Saturday night, the thief knew all his little secret hiding places and went straight to them.

Shankland had a diamond stud which he hid in a bureau drawer and covered loosely with a pile of moon-stone pebbles. The thief went directly to the bureau, opened this particular drawer, scratched the pebbles aside and took the diamond. Shankland's watch was in his vest pocket and the vest hung at the head of his bed; the thief went right to the vest and also to the pocket book, containing \$25 which also hung at the head in his pants pocket.

All the time, Shankland lay asleep in the bed. Some of the things the thief did as he went through his friend's apartments were delicious. He found a balance of \$100 in the bureau.

All the while he was getting ready to enter the house, he was heard lightly whistling merry tunes, very softly. His "nerve" turned out to be his own protection. The landlady heard the whistling and her first suspicions were allayed.

PREFER THEIR SIMPLE LIFE.
The Nordhoff Ojai says: "The Ojai Valley has been called a place of fashionable resort in a recent issue of the Los Angeles Times. We value this paper as the best in California, yet we object to being fashionable or to even being called so. We value our simple life and hope and expect it not to change. We enjoy recalling the people who have visited us, and those who are with us now, partly because they, too, approve of simplicity of living."

THURSDAY afternoon Mrs. L. L. Edwards of No. 1332 Orange street was at home informally to about thirty of her women friends in honor of Mrs. Lewis Solomon of Fresno. A pretty floral schema was draped throughout the house. The parlors and dining room were festooned with similar and great clusters of pink carnations and sweet peas spread their fragrance through the rooms. The mantel was banked with carnations and anemones plumose and pink shades of light cast a soft glow over all. Punch was served from a cut-glass bowl, whose brilliancy was partly hidden by anemones plumose, and scattered pink blossoms. The dining-room was especially attractive, being decorated with pink and white marigolds. In the center of the table a high vase rested, filled with red Shirley poppies, and about the room were arranged with artistic effect. Potted plants were in all the corners. Music and conversation made the affair a most agreeable and profitable luncheon. Luncheon was served to the guests.

Large Reception. Yesterday afternoon Mrs. William Wesley Hitchcock and Miss May Hitchcock were the hostesses at a large reception given at the home of Mrs. 2700 Grand avenue. Receiving with the hostesses were: Mrs. M. L. Moore, Mrs. P. K. Rale, Mrs. J. H. Davidson, Mrs. J. H. Davidson, Mrs. J. H. Davidson, Mrs. P. W. Holler, Mrs. Charles Prager, Mrs. S. S. Salisbury, Miss Katharine Kurts, Miss Alice Owyne, Mrs. J. H. Davidson, Mrs. J. H. Davidson, well, Miss Alice Prescott and Miss Sarah Booth. The young ladies assisting were members of a party who entertained the Hitchcocks, John Van Cope, trip, under the chaperone of Mrs. C. W. Canwell of the Marlborough school. Presiding at the punch table were Mrs. J. H. Davidson, Mrs. Gertrude King and Viola Curtis. These young maidens were all gowned in dainty light

the door, Mrs. Hitchcock was handsome in a gown of blue crepe de chine with garnitures of pink chiffon applique, and Miss May Hitchcock wore a gown of white crepe de chine with cluny lace, and carried a great cluster of Parma violets.

The house was transformed into a veritable dalmanine with its sweet peas, potted plants and smilax. The reception hall was festooned with strands of smilax, and baskets of dainty pink sweet peas swung from the ceiling. The dining-room was carried out in the other rooms, except that different-colored sweet peas were in evidence. In the dining-room a basket of white sweet peas hung from the ceiling and a highly-polished mahogany, and about this the brightness of the cut glass and silver was reflected in the dark gleam of the table. A large silver chandelier hung a basket of sweet peas with fragrant blossoms drooping over the sides. The porch was screened in and smilax draped about, with sufficient baskets of sweet peas to also hang here. The Ladies' Vestibule Orchestra was stationed in the hall behind a screen of ferns and potted plants. The room beyond the vestibule was a veritable bower of sweet peas, baskets of the fragrant blossoms swung with graceful effect.

There were more than one hundred and fifty guests entertained during the afternoon.

Cummock Dramatic Club.

The Cummock Club is preparing to produce "The Parsonage," the last work of April and Long, on April 28. The cast to be taken are as follows: Sir Tulke Pettigrew, S. H. Garrett; Lally Pettigrew, Mrs. Fraeger; Miss Guendolin Pettigrew, Miss Chilly Fraeger; Molly Pettigrew, Miss O. Gardner; Mr. Loder, Garrett Holme; Charles Tracy, Garvin Young; Claude Glynn, Earl Dwira. The affair is an assured success with each prominent member of the club. The Cummock Dramatic Club is well known that she needs no additional praise, and Miss Ora Gardner, as Sir Toby Belch, in the recent production of "Twelfth Night," acquitted herself so well that everybody has been enthusiastic over her parts.

Child-Study Circle.
The Union Avenue Child-Study Circle meets today and an interesting musical programme will be presented. Miss Brunner will demonstrate the Fletcher system of music, and later refreshments will be served.

Child-Study Circle.
Monday evening Mr. and Mrs. Frank King Wilco entertained at the Orpheum with a box party, having as their guests Mr. and Mrs. W. W. D. Turner and Mr. and Mrs. Edward Featherstone. Later supper was served to the party at a down-town café.

For Medicine.
Thursday evening Dr. and Mrs. William Wesley Hitchcock, and Miss May Hitchcock will entertain with a dinner party about sixty Los Angeles leading physicians and their wives. The dinner will be served from small tables, and there will be about ninety guests present.

Mason Parties.
Monday night those seen in boxes at the Mason Opera-house were Mr. and Mrs. Walter Newhall, Mr. and Mrs. M. J. Fonnell, Mr. and Mrs. E. T. Barnum, Mr. and Mrs. E. P. Bryan, Mr. and Mrs. Alfred Solano, Dr. and Mrs. Jarvis Barlow, and Dr. E. A. Bryant.

Westlake Whist Club.
Mr. and Mrs. J. R. Spiane of No. 411 Bonnie Bras street were at home to the members of the Westlake Whist Club last evening. Cut flowers and ferns and palms adorned the rooms, and after the games pretty prizes were awarded. A buffet luncheon was served late in the evening.

Coronado Hotel Dance.
The guests of the beautiful Coronado Hotel were entertained with an informal dancing party on Monday evening. During the evening refreshments were served. Those present were: Mr. and Mrs. R. H. Herron, Mr. and Mrs. A. H. Nafziger, Mr. and Mrs. G. E. Bittenger, Mr. and Mrs. W. A. Pierce.

Mr. and Mrs. Charles Joannes, Mr. and Mrs. A. J. Clark of Denver and the Misses Florence Cornell, Flora Joannes, Lina Johnson, Eva Thomas, Marie Mullen, Marguerite Thomas, Blanche Downey, Sara Mathewson, Ruth Downey and Mathewson, Misses M. A. Baker, Mullen, W. T. Brownridge, K. L. Downey and M. H. Dean, Messrs. R. A. Thomas, Fred Sumption, George Noble, Homer Donnell, Walter Lenz, Paul Herron, Ed Gregory, Arthur Leavitt, Wilson and Dr. Mattison.

Reception and Card Party.
On Tuesday afternoon Mrs. C. S. Bradford and Mrs. F. W. Chase were the hostesses at a most delightful card party and reception, the affair being given at the home of Mrs. Bradford, No. 4535 Pasadena avenue. The func-

tion was in honor of eastern friends. Assisting the hostesses was a bevy of girls in dainty frocks. They were: Miss Hattie Bradford, Miss Edna Bradford, Miss Florence Field, Miss Lucile Walton, Miss Shirley Jenkins, Miss Blanche Engstrom, Miss Beadie Allen, Miss Amy Morrow and Miss Katherine Thompson.

Massachusetts Society.

A Massachusetts Society has just been organized and its first meeting will be held at Assembly Hall in the Blanchard Hall on Wednesday evening, April 26. A large audience is expected, as it is hoped all former residents of the old Bay State will attend.

Alhambra Wedding.
Miss Minnie Hobson Bailey and Rev. Wm. H. Basant were married yesterday afternoon at 4 o'clock in the First Presbyterian Church at Alhambra. Rev. McClelland performing the ceremony. The bride was Miss Bailey, the bride, was flower girl, and the groom was attended by his brother, Mr. Wm. H. Basant. The ceremony was with spring flowers, and the bride was attired in a becoming gown of white crepe de chine, and carried in her arm a bouquet of white flowers. The bridesmaids were Misses Thea and Mary of Mr. and Mrs. William Hervey Bailey of Alhambra, and Rev. Basant himself are both prominent and popular young people. After a short wedding trip the couple will be at home in Alhambra.

Mrs. J. M. Wilson gave a charming party at her home. Mr. and Mrs. Elmer Street were the guests of honor of her little daughter Georgia on the occasion being her first birthday. Mrs. Wilson's home was prettily decorated. About fifty ladies were seated at the dining-table, which in the center the large table was decorated with orange blossoms, at which sat a bevy of this season's brides in honor of Mrs. William E. Wyeth. After the refreshments a musical programme was presented and Mrs. Adams' relations were much enjoyed. Baby Georgia received a table full of elegant presents and gave each of her little guests bon-bon boxes filled with pink candies, as souvenirs.

Debutantes' Dance.
The dance given last evening at the Country Club, by the season's debutantes, was a thing of joy long to be treasured in the memories of those fortunate enough to be bidden. A most

strating that the people of the catfish country have a devotion to the water ferns and william be utilized, and against the browns of the rich wood work, made a splendid contrast. The artists were introduced by a number of potted plants, decorated with ferns for the dancing. The girls presented a gay appearance, with red dominos and yellow capes, and tiny black masks. Many were the surprises when the masks were removed. Delightful refreshments were served during the dancing, which was enjoyed by the younger dancing set present. A number of older women acted as patronesses of the affair, and under the management of four such prominent and fair minded ladies, the affair was a success. Leory, Constance Carvell and Katharine Ridgeway, how could it help being among the season's choicest functions.

Garvanza Villa Luncheon.
Mrs. S. M. Goddard and Mrs. G. E. Burr were hostesses yesterday afternoon at a luncheon given at the Garvanza Villa. The affair was in honor of Mrs. Joseph Beyer of Milwaukee. Friday evening Mrs. Goddard and Mrs. Burr will again entertain informally for Mrs. Beyer at the home of Mrs. Goddard on West Twenty-eighth street.

WOMEN'S CLUBS

A bill now pending before the House of Representatives, which provides for the humane slaughter of children and dumb animals, was introduced to the Clivie League yesterday and endorsed by that body. The bill was sent here by the United States Senate, where it is not only heartily endorsed the bill, will use all of its influence in a private capacity to urge the Congress to pass it. It is expected that it will probably be signed by every man's club in the country.

At the Murphy Hotel President of the National Mothers' Congress from Southern California, who goes to attend the meeting of the national body in Washington, D. C., on Monday, has asked the Clivie League to extend an invitation to the National Mothers' Congress to hold their annual convention at the Clivie League meets every third year in Washington, D. C. and as this is the case for many years past, it is hoped that they will not be enjoyed until the next year.

A full report of Arbor Day was given at a meeting held last night, which was as most interesting report of Juvenile Court work, dwelling especially upon the very cases of children who were committed at the Reformatory Home under the supervision of Miss Frank, and a full account of the various cases being handled by the Study circles of the city.

HEAT BAD FOR GRAIN
Without Rain Soon that Sown Early
Has Little Show—Some Hay
Prospect.

"Without more rainfall soon the by-sown grain in the country all over here is doomed," said a representative of Newmarket and District Agricultural Society. "The grain that has been sown in the country is dry and when it came up the growth is stunted. The volunteer growth in grain left on the ground from last year is also stunted. The weather, the excess of growing grain, and the lack of rain are the cause of the trouble. The weather, has caused the plants to lose another of moisture and the growth is at present falling and not coming up. The rain that is needed may revive it and there is still a possibility of a grain crop from it, though the chances of it are remote. The grain that is sown in the country show. If we get heavy rains soon within the month the prospect is good. If we do not get any more rain this season there will be little or no grain harvested and the hay yield will be small. The best chance of the crop will have the best chances of development."

ing a hay crop if there should be rain."

The weekly crop bulletin of the Weather Bureau, under date of May 2, says:

"With unusually hot spell, accompanied by drying desert winds, we were pretty hard on field crops. Still, so far, grain on poor land has burned, and the growth of vegetation on other lands was checked. The weather hardened the ground and crusted the top soil, and the crops of all kinds will be short. Good rains within a few days would greatly improve the situation, and make a great difference in the yield of hay and grain."

"The warm weather was favorable for deciduous fruit trees, which are in condition and promise good crops of all kinds."

EASY TRAVELING TO THE EAST

There is one way of going east that affords all the ease and comfort at a minimum expense—the Burlington way.

For many years the Burlington has been taking thousands of people annually from California to the East. This travel has increased year by year because the service given was the best to be had for the money.

The Burlington thro' tourist sleeping cars leave California on certain days each week, and run via Salt Lake City and Denver, passing the grand Rocky Mountain scenery by daylight. This is by far the most interesting route across the continent.

This coupon, when filled out and mailed to Mr. Elliott, will bring you just the information you want about your trip to the East. Send it to-day.

Burlington trains over Burlington fill all the way from Denver to St. Louis and Chicago.

No other road does it.

TO SHOOT AT DESPERADOES.

Command Given to Police by the New Chief.

Patrolman Applauded for His Capture of Footpads.

Hammel Tells His Men to Hit 'Em to Stop 'Em.

"A highway robber is a public enemy and when you catch one in the act don't waste your ammunition by shooting in the air to make him stop running. Shoot at him and shoot to stop him. If he uses his own gun in the effort to make his escape he is not going to shoot in the air, but will shoot at you. Give him the same kind of treatment."

Thus spoke Chief Hammel last night to the night squad of the police force just before they left the Police Station for their night tour of duty. The occasion for the speech was something new in police annals and it caused a decidedly favorable impression among the patrolmen to whom it was addressed.

Early yesterday morning Patrolman Dan Long caught two footpads in the act of robbing a man, and placed both robbers under arrest. They broke away from him and started to run and Long began shooting at them. He captured one of them and the other was taken later, and both were charged with robbery. Last night just before the eight o'clock shift, Patrolman Long appeared before them while the patrolmen were standing in line, and by his order Patrolman Long advanced one pace in front of the line. Chief Hammel then said:

"Members of the police force, I wish to commend before you and before the people of this city the act of Patrolman Long in arresting two highwaymen this morning. Whenever an officer fails of his duty, violates an order, or is guilty of any infraction of the rules of the department, he is publicly punished, and the whole city knows of his disgrace. When he compares himself in a manner worthy of attention, and I desire to urge upon each of you that in doing your duty you will receive that credit which is due you."

Then he told the assembled patrolmen how to shoot at highwaymen, using the words above quoted. Later in private conversation he stated that in his opinion the hope of reward, and the fear of punishment should be the motive impelling men to good service, and he asserted that so long as he is

IMPORTANT EPISCOPAL CONFERENCE OPENS TODAY.

Congregationalists and Epworth Leaguers Tomorrow—Holiness People Will Parallel General Conference—Sunday-school Convention Postponed.

The missionary conference of the Episcopal Church, which begins its sessions at St. Paul's Pro-Cathedral this morning, brings within the borders of our city one of the most notable gatherings connected with the Episcopal Church, ever held on the Pacific Coast. At the opening service in the Pro-Cathedral at 10 o'clock this morning there will probably be a hundred bishops and priests, vested, in the procession, besides a great body of surprised choristers. It will form a notable and inspiring scene as they enter the church to open the important conference.

The Bishops of the whole Pacific Coast will be in attendance, and addresses upon vital questions will be delivered by them during the three days of the conference.

This morning the sermon will be preached by the Rt. Rev. W. F. Nichols, bishop of California, and the Holy Communion will be celebrated by the Rt. Rev. Joseph B. Johnson, bishop of the diocese of Los Angeles. Those who attend the various services will find that the questions brought forward for consideration are of the most practical character, showing the Episcopal Church to be in touch not only with the profound thought of the day, but also with the deepest needs of mankind.

This afternoon at the Pro-Cathedral three of the most prominent of the visiting clergy will discuss the following topics: "The Problems of the City," "The Problems of the Country," "The Problems of the World." Tonight at 8 o'clock at Christ Episcopal Church, besides several eminent bishops who will make addresses, and who will be well worth hearing, a number of deepest interest just at this time will be presented. Dean Eddie of Salt Lake City will deliver an address on "The Work Among the Mormons." Dean Eddie has been in Salt Lake for many years, and is not only familiar with the situation, but will be outspoken in telling the truth.

The distinguished secretary of the mission board from New York, John W. Wood, will also address the meeting.

MEETINGS MULTIPLE.
Tomorrow will witness the opening of two other religious conventions in this city. The Woman's Board of Missions of the Pacific will hold its fourteenth annual meeting, and the Woman's Home Missionary Union its sixteenth annual meeting, coming to a close jointly at the First Congrega-

ORANGE MEN'S JURY

Six Men to Meet Saturday to Select the Seventh—Not Retired to Story.

The six jurors selected by the two sides for the trial of the charges preferred by Abbot Kinney against President A. H. Naffziger of the Southern California Fruit Shippers' Association, are to meet in this city Saturday morning. It was at first arranged for them to meet tomorrow, but George Frost, one of the six, is a member of the Riverside grand jury, which will meet Friday. The first business of the six when they meet will be to select a seventh man. How soon they will do so and how soon the trial will proceed is problematical.

W. C. Petchner, attorney for Kinney in the case, has written a reply to Monday's letter from E. Q. Story. The letter from Story stated objections against Kinney's selection of George J. Mitchell of Pomona as a juror, but said that the objections would be passed over so the inquiry might proceed.

In the course of his letter Mr. Petchner says: "You speak somewhat extensively of the partisanship of Mr. Mitchell. However, you seem not to have known that one member of the proposed committee appointed by Mr. Naffziger, after his appointment, arose in a public meeting and made a speech in defense of the man, whom he had already been appointed to try, as you put it in your letter. Also, you seem not to have taken into account that one of the other appointees of Mr. Naffziger has been for years a Los Angeles director of the Southern Pacific Railroad Company, a corporation which is to some extent connected with the charges formulated by Mr. Kinney."
